**STATEMENT IN SUPPORT OF PETITION TO WITHDRAW  
HOLDING OF ABANDONMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Applicants submit this statement in support of its Petition to Withdraw the Holding of Abandonment in the above-identified application.

The Examiner indicated an Office Action had been mailed on or about June 10, 2007, and the six month deadline for responding to the Office Action was on or about December 10, 2007.

The undersigned believes that the Office Action apparently mailed on or about June 10, 2007 was never received.

When an office action requiring a response is received from the U.S. Patent Office by our office, the due date for responding to the office action is entered into our computerized docketing system. This information is entered using the Attorney Docket Number identified on the office

action. The office action is subsequently routed and physically placed into the corresponding application file.

Applicants' representative encloses a copy of the docket record corresponding to the above referenced application. If the allegedly mailed Office Action was received, the docket record would indicate a due date for response, the typical response to an Office Action. The enclosed docket record copy does not show an Office Action response due date, thus indicating that the Office Action was not received from the U.S. Patent Office. Applicants' representative has searched the respective file and can find no indication of the allegedly mailed Office Action therein.

Not knowing of the Office Action, Applicant did not respond thereto. This statement is signed by Applicants' representative, Mario J. Lewin, and our firm's docket paralegal, Sonie Nasabee.

We hereby declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made that the knowledge that willful false statements in the like so may are punishable by fine, or imprisonment, or both, under § 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which the verified statement is directed to.
